ADDENDUM #1

In Reference to page ITB-4, paragraph 2, Idaho Public Works Contractor License, the following correction to the bid documents should be noted and the bidders should address this addendum on their bid.

Replace page ITB-4 with the attached new page ITB-4 reflecting corrected language with regards to professional licensing requirements of HVAC, Plumbing and Electrical sub-contractors with the Division of Building Safety. Specifically, as noted:

IDAHO PUBLIC WORKS CONTRACTOR LICENSE: *With regard to possessing an appropriate license or certificate of competency, all subcontractors listed by the general (prime) Contractor must have at the time of the bid opening a current license in the appropriate category (class, type and specialty category) as issued by the Public Works Contractors State License Board. In addition, Plumbing, HVAC and Electrical subcontractors shall have at the time of the bid opening a valid plumbing contractor's license, HVAC contractor's license or electrical contractor's license, respectively, as issued by the Idaho Division of Building Safety.*

Please contact me at (208) 332-1930 if you have any questions.

Sincerely,

Paul Navarro, Facilities Coordinator
